

What can I get from my VET?

VCE VET programs with scored units 3 and 4 sequences:

- Business*
- Community Services*
- Creative and Digital Media*
- Dance
- Engineering
- Equine Studies
- Furnishing
- Health*
- Hospitality
- Integrated Technologies
- Information, Digital Media and Technology*
- Laboratory Skills
- Music Industry*
- Sport and Recreation*

* Additional non-scored Units 3 and 4 sequences are available from these programs.

YES

Will you complete the qualification?

NO

You get a nationally recognised VET certificate.

You get a statement of attainment for the units you complete.

Will you do the school assessed coursework and end of year examination?

YES

NO

You get a study score which is reported on your VCE or VCAL statement of results.

You do not get a study score or contribution towards your ATAR.

You get credit towards your VCE or VCAL at all levels.

If you are a VCE student, your study score may contribute towards your ATAR.

You get credit towards your VCE or VCAL at all levels.

Notes

- If the scaled study score you receive for your VET is one of your three highest permissible (not including your highest score in either English, English EAL, English Language or Literature), it may contribute towards your ATAR as one of your primary four studies.
- If the scaled study score you receive for your VET is either your fifth or sixth highest permissible, it may contribute towards your ATAR as a fifth or sixth study increment, calculated using 10% of that study score.
- Increments for an additional non-scored Units 3 and 4 sequence from a scored VCE VET program are calculated using 10% of the lowest study score from the primary four.
- A maximum of two increments may contribute towards your ATAR.
- There are restrictions on some study area groupings when calculating the ATAR.

For further information about the ATAR, visit vtac.edu.au

Study area groupings:

VET programs and VCE studies are grouped by study areas, such as Hospitality, English, Mathematics or Information Technology. This is called a study area grouping. To check the list of study area groupings, the studies they include and the restrictions that apply, visit: vtac.edu.au/studyareagroupings

What can I get from my VET?

VCE VET programs with non-scored units 3 and 4 sequences:

- Sport and Recreation

Apprenticeship or Traineeship

Other VET qualifications

YES

Will you complete the qualification?

NO

You get a nationally recognised VET certificate.

You get a statement of attainment for the units you complete.

Scored assessment is not available.

You get credit towards your VCE.

VCE

Are you doing VCE or VCAL?

VCAL

You get credit towards your VCAL at all levels.

Will you complete a Units 3 and 4 sequence?

YES

You may get a contribution towards your ATAR as a fifth or sixth study increment.

NO

There will be no contribution towards your ATAR.

Notes

Fifth or sixth study increments for non-scored VCE VET programs are calculated using 10% of the lowest study score of the primary four.

- A maximum of two increments may contribute towards your ATAR.
- There are restrictions on how 'other VET qualifications' (also known as Block Credit) contribute to the ATAR.
- There are restrictions on some study area groupings when calculating the ATAR.
